What Is the Train the Trainer Model? | Chron.com The Train the Trainer model is a training strategy widely used in the workplace. The trainer, a subject-matter expert, trains other employees in the use of a new sales program, for example and simultaneously teaches them how to train others in the use of the program. The 4 Essentials of Using the Train the Trainer Approach Train the Trainer is a learning process. Even if your participants have years of experience in teaching, they may not have done so in the corporate environment. As with any learning process, if you don't allow your trainers to make some mistakes, they may be hesitant to try something new again. Train The Trainer Program | Training Certificate New trainers will gain a strong foundation in critical training skills and seasoned trainers will be introduced to new approaches for delivering powerful training. The ATD Training Certificate content is practical and grounded in the real world, not just academic theory.
